Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Sunday 18 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Patchy rain in west on Sunday. Dry, brighter in east.

Today:
Mainly cloudy across western Scotland with patchy rain but more persistent rain and some low cloud towards west coast Dry and bright in east with some sunshine towards the coast. Strong southerly winds over Hebrides and Northern Isles, easing later.

Tonight:
Dry with clear spells over the east, frost in places. Cloudier with patchy rain in west but edging northwest overnight, leaving all but far north and northwest dry by morning.

Monday:
Still some rain over the northwest, otherwise mainly dry and bright. A warmer day with light or moderate southerly winds, but rather cloudy, especially in west.

Outlook for Tuesday to Thursday:
Rain pushing across Scotland Tuesday, heavy, prolonged for a time in northwest. High pressure building into Wednesday bringing mainly dry, bright but rather chilly weather, but wintry showers far northeast.
